

# THE NEW BUZZ THERAPY

REVOLUTIONIZING WORLD HEALTH RESULTS

Our medical world loves to prescribe drugs for **EVERYTHING**, yet the sick are getting sicker.

## WHAT WE NEED TO KNOW:

- The overuse of prescriptions as the 'go to' response for illness and pain is increasingly high.
- In 2016-17, **280 million** prescriptions were dispensed under the PBS (Pharmaceutical Benefits Scheme) for Australia
- Chronic Pain alone cost **~\$139 BILLION** in Australia in 2018
- More than 1000 Australians a year are **DYING** from Opioid misuse (i.e. Panadeine Forte)

**These facts make this a HUGE unspoken problem**

**But here's a revolutionary health therapy called AMINO THERAPY that has been changing lives rapidly worldwide for 9 years and has only recently come to Australia!**

# So what is ANF?

1

Amino Neuro Frequency (ANF) therapy, that looks like round 20c piece band-aids, are actually medical discs which generally halves a client's pain within minutes.

2

The key differences to painkillers are:

- Painkillers mask the symptom - aka the pain but does not address the underlying root cause of the pain
- the ANF discs are chemical and toxin free with 0 reported health complications
- the discs can have a long-term sustained impact on the health issue including people with chronic pain

The world-renowned Dr. Mikel HG Hoff invented and developed the ANF discs using NASA technology

## Amino Therapy >>>

- is TGA registered and WADA compliant
- uses NASA technology in the material of the ANF discs
- is applied only by Health Practitioners trained to find the source of the health issue
- allows the body to self-heal and regulate back to normality

## REMEMBER!

- A prescription isn't always the answer
- Look at the body as a whole, not separate pieces
- Find a therapist that addresses the root cause

## "How Far Can Your Arm Go?"

We had sooo much FUN playing around with Kai's shoulder to see how much we could change his range of motion.

## UNBELIEVABLE RESULTS

Ange could NOT squat properly and had so much pain when she tried. Within minutes of ANF disc'ing, she was doing the normal squatting action with NO PAIN!

## "NO MORE CAN BE DONE"

Clare was told by 3 Doctors and Physios that she CANNOT get any more movement or less pain without doing the waiting game. Within just minutes, we had 45 degrees increase!

## Bring on SUPERMANS!

Whilst Ellen came in with minor shoulder pain, the real test was how far we could energise her arm so that she got a much greater range of motion.

I began seeing Claire after seeing many doctors and specialists who test after test, and admission after admission could not diagnose or pick anything up. After many months of fatigue, dizziness, pressure in the back of my head and headaches I have finally been able to get out of bed and function like a normal person. After only a few treatments, I actually started to feel like a human being again :-)

Minutes after the discs were applied, I noticed the inflammation and pain in the movement of my neck were all gone. Claire has a wealth of knowledge, is reassuring and explains everything in an understanding manner.

- Amaya Nichols

Claire is a health professional that you can trust to "give it to you straight". I benefit massively from the ANFT treatment and see the benefits first hand. I would recommend this treatment to anyone suffering!

Thank Claire for always listening and working on solutions together!

- NO1NIKSTAR

I have had a few treatments from Claire in the last 12 months. I have various medical problems and the ANF treatment has definitely been beneficial. The diabetes and kidney problems have improved and that is backed up by blood tests. Not only is ANF fantastic Claire is very reassuring and knowledgeable. Thanks Claire!

- Jenny Dyer

Claire is simply wonderful. Incredible knowledge of the human body and all its interactions, she not only goes above and beyond any health practitioner you could meet she is an incredible person. Highly recommended
